Gorgeous combinations from

Gasparre:

This week we have had some exciting new panels of tiles arrive in from Gasparre. These will give you some great ideas of combinations that will go so well together, everyone will think you have had expert help from an interior designer.

The floor and wall combinations come in all the trendy new colours which will easily match with the latest carpets to create that flow effect in your home.

The glass listello trims are very modern, metro designs which will add that 'WOW' factor to your room. I can highly recommend this new Gasparre range, especially if you have no idea where to start.

The 'Designer Tiles are Toast' sale only has a few weeks left to go, so do pop in as there are some great deals.

We look forward to seeing you at the Tile Centre; the one stop shop for tiling and home of Southland's largest range of tiles.
