Something a bit different:

Recently we had a visit from Italian Tiles, one of our suppliers. We were given a lovely new range of high quality tiles, which come in all the trendy new colours. These tiles have a variation in colour and wobbly edges, which give them character. They look great in small and large areas and have a high shine glaze finish. You can see these displayed in our front window.

Also from Italian Tiles is a series of three tiles, called Dahlia Grigio. These could be added with plain tiles as an insert, or used as a listello border tile or you could make your own art piece and hang them on the wall. They are definitely different and well worth a look.

A reminder: We have some great specials advertised in our front window. Do pop in. We look forward to seeing you at the Tile Centre; the one stop shop for tiling and home of Southland's largest range of tiles.
